Welcome

Dear Sponsor and/or Exhibitor,

We are delighted to invite you to take part in the **49th Nordic Paediatric Cardiology Meeting (NPCM)** to be held in Copenhagen September 18th-20th 2019. The venue of the meeting is Comwell Borupgaard, Helsingør, and north from Copenhagen. The 49th NPCM will gather approximately 150 Nordic participants.

We aim to continue the high scientific standard of recent meetings with distinguished international speakers from both Nordic countries and from abroad. Equally importantly, we hope to create an interactive atmosphere where discussion of clinical practice in different Nordic institutions is a priority. Finally, with the intention of attracting nurses in paediatric cardiology to our meeting, this year's program will include sessions specifically aimed at nurse specialists to be held parallel to sessions aimed at paediatric cardiologists.

We are confident that the **49th Nordic Paediatric Cardiology Meeting 2019** will interest the industry with a unique opportunity to exhibit the latest developments and expertise, and also to interact with a wide group of professionals.

We look forward to seeing you in Copenhagen.

On behalf of the organizing committee,

Klaus Juul
PhD, consultant paediatric cardiologist

Nete Hultengren Hansen
Paediatric cardiology nurse
